How thousands are regaining the splendid vigor of health

When a man "slows up"-begins to feel his strength and vigor slipping away-gets run down, nervous, irritable-

One of two things is wrong.

His body is either failing to nourish properly the living cells which compose it, or it is failing to throw off the poisonous waste that gathers in the system.

Check either of these processes, even temporarily, and health is threatened. And vet the bodies of millions are either halfstarved or clogged up!

The fresh, living cells of Fleischmann's Yeast contain a natural food-with the very elements which help the body perform these two vital functions.

Like any other plant or vegetable, yeast produces the best results when fresh and "green"-not dried or "killed." Fleischmann's Yeast is the highest grade living yeast-always fresh. It is not a medicine, it is a natural food. Results cannot be expected unless it is eaten regularly.

Everywhere physicians and hospitals are prescribing Fleischmann's Yeast to correct constipation, skin disorders and to restore appetite and digestion.

"Assured perfect regularity and added 25 lbs. of weight"

A recent letter tells of an unusually bad case of a common ailment-a New Yorker who suffered from chronic constipation. Since he was eleven years old, he had used "everything that could be suggested"without a cure. Three operations had been necessary. And then three cakes of Fleischmann's Yeast a day for a period of one month not only assured perfect regularity, but by adding 25 lbs. restored him to his normal weight.

Eat two or three cakes a day regularly-plain, or spread on crackers, or mixed with water or milk. If you prefer, get six cakes at a time. They will keep in a cool, dry place for two or three days. Begin at once to know what real health means! Be sure you get Fleischmann's Yeast. All grocers have it.
